

Outcomes of the analysis on other (than CAP) programmes

Potential of other funds to support Smart Villages

- Only indicative: based on programmes identified by national experts (88 out of which 68 also referenced in the CAP, others based on knowledge of expert)
- Programmes that could be relevant for Smart Villages due to their nature/ topic

Examples

- Objectives & fields that are **similar** to SV
- Mostly national/ regional
 - **Digital and technological** projects to develop municipal services;
 - **Support citizen-run projects/** or smart solutions based on citizens' needs (including digital participation);
 - **Innovative village development** (including improving the attractiveness of the village) in a wide range of thematic areas.
- Only **some components of SV, but no direct support**
